WORK EXPERIENCE

T&FG Group (PVT) Ltd.

Trainee Apparel Merchandiser

Colombo 08 | LK

FEB 2022-AUG 2022

- Managed the procurement of sampling fabrics and packing raw materials for major clients ensuring exceptional order accuracy and adherence to quality standards.
- Proficient in utilizing SAP AFS ERP systems for efficient data management, resource allocation, production planning, and quality control.

T&FG Group (PVT) Ltd.

Merchandising Coordinator

Nittambuwa | LK

NOV 2021 - FEB 2022

- Demonstrated strong problem-solving skills by analyzing data and insights from various departments to identify and resolve issues.
- Leveraged MS Excel and SAP ERP to gain in-depth understanding of merchandising operations and other departments

EDUCATION

Sabaragamuwa University of Sri Lanka

Bachelor of Science (Honors) in Computing and Information System

BelihulOya | LK

2022 - 2026

Bandaranayake College

G.C.E. Advanced Level in Physical Science Stream | 2020

G.C.E. Ordinary Level Examination | 2016

Gampaha | LK

2011 - 2020

PROJECTS

Legal Assistance Matching Platform

SEP 2024 - DEC 2024

- Built a legal assistance matching platform utilizing Next.js, React.js, and Node.js for full-stack development.
- Implemented RESTful APIs and MongoDB to manage lawyer data and problem categories, ensuring scalability and efficient data handling

Teki | Investment and Startup Collaboration Group Project

JUNE 2024- SEP 2024

- Designed and implemented event management, supply chain tools, and affiliate marketing services for the Sri Lankan market using Next.js and server-side rendering. Engineered the platform with React, TypeScript, and WebSockets, focusing on investor-startup interactions and integrated social media management tools with content generation, scheduling, and post creation features.
- Created a [Customer Feedback Website](#) to gather insights and validate features before the official launch.

The Eyedde | Allows users to post and publish digital contents

JULY 2024 - AUG 2024

- Developed Eyedde Web Application using Python and Django, enabling users to post and publish digital content seamlessly.
- Implemented a robust backend with Django ORM for efficient database management and content publishing.

Towney | Connecting Film production teams

JULY 2024- Dec 2024

- Utilized React.js for the front end, creating a dynamic and responsive user interface.
- Leveraged MERN stack (MongoDB, Express.js, React.js, Node.js) for full-stack development, ensuring seamless integration between front-end and back-end components.

AgriSage | Group Project

FEB 2024 - AUG 2024

- Developed interactive chatbot using HTML, CSS, RASA and JavaScript to assist farmers with real-time queries and personalized advice.
- Implemented admin panel leveraging Firebase and Python Flask backend to manage user data and monitor system performance.

Toop Mobile App | Royalty Management App for Music Authors

MAY 2024- AUG 2024

- Implemented responsive design principles using React Native, Bootstrap & CSS resulting in a high percentage in user engagement.
- Implemented Node.js and Express.js for the server-side logic and RESTful APIs for seamless communication with the front end.

Budget Allocation | Budget Allocation Application

DEC 2023- DEC 2023

- Developed and enhanced the Budget Allocation application using React.js, meeting project requirements and specifications within the designated timeline.
- Implemented change event handlers for the currency dropdown list, ensuring that all currency representations on the screen update dynamically when the selection changes.

CERTIFICATIONS

Software & Web Development.

- Developing Back-End Apps with Node.js and Express
- Developing Front-End Apps with React
- Python and Flask Framework
- Python Programming (Hacker Rank)

- Cloud Computing Fundamentals
- Android application Development
- Microsoft Azure Fundamentals
- UI/UX for Beginners

Test Automation

- API Tests with RestAssured
- Selenium WebDriver with Java
- JUnit 5 Framework
- Setting Foundations for Test Automation
- CI/CD with Jenkins

SAP Technology Consultant.

- Discovering SAP S/4HANA Service
- SAP Commerce Cloud & SAP S/4HANA Integrations

ACHIEVEMENTS

RUNNERS-UP

MORA UX-PLORE 2.0 | 2024
UNIVERSITY OF MORATUWA

FINALIST

DUOTHAN 3.0 | 2023
NSBM GREEN UNIVERSITY

TOP 10

ERA AI 2.0 | 2023
UNIVERSITY OF KELANIYA

FINALIST

OPENHACK 2.0 DESIGNOTHAN | 2023
INFORMATICS INSTITUTE OF TECHNOLOGY

SKILLS

Programming Languages

Java | Python | JavaScript | PHP

Frameworks & Libraries

React.js | Node.js | Next.js | Vue.js | Express.js | React Native |
Django | Flask | Tailwind CSS | Bootstrap | Selenium |
TestNG | JUnit | Selenium | Laravel | REST Assured

Databases & Technologies
