PROFILE

I am a highly motivated and results-oriented IT undergraduate student with a strong passion for technology. I am proficient in a variety of programming languages and software development tools, and I have a strong understanding of computer science fundamentals. I am also an excellent communicator and team player, and I am eager to learn and grow. I am confident that my skills and experience make me a valuable asset to any IT team. I am eager to learn new things and take on new challenges, and I am committed to working hard to achieve success.

Work Experience

○ Feb 2022- Aug 2022

T&FG Timex Garments, Wathupitiwala, Sri Lanka

Sample Merchandiser

- Managed and coordinated the entire apparel sampling process, ensuring timely and accurate delivery of prototypes to meet client expectations
- Proficient in utilizing SAP ERP systems for efficient data management, resource allocation, and production planning.
- Skilled in utilizing MS Excel for advanced data analysis, reporting, and financial modeling.
- Developed a strong understanding of merchandising principles and practices, including product selection, pricing, and inventory management.
- Gained valuable knowledge of supply chain management processes, including sourcing, logistics, and quality control.

○ Nov 2021- Feb 2022

T&FG Timex Garments, Wathupitiwala, Sri Lanka

Merchandising Coordinator

- Leveraged MS Excel and SAP ERP to gain comprehensive knowledge of the work of merchandising and other departments.
- Acquired valuable knowledge of other departments' operations by working collaboratively and utilizing various software tools.
- Demonstrated strong problem-solving skills by leveraging data and insights from various departments to identify and address issues.
- Proven ability to work effectively in a fast-paced and complex environment by juggling multiple tasks and managing various platforms simultaneously.
